7,109 certificates under $3,000, sorted cheapest first

This is the Apache County Treasurer's own over the counter tax lien list of 1 April 2026, all 7,109 certificates, with the 900 rows over $3,000 stripped out and the rest sorted by what they cost. Every one is buyable at the counter in St Johns today at the printed amount.

Arizona strikes unsold liens to the state and the treasurer then shall sell, assign and deliver the certificate to any person who pays the whole amount due, for a $10 assignment fee, A.R.S. 42-18122. No auction, no bidder number, no discretion at the window. The certificate is prima facie evidence of the lien, A.R.S. 42-18119, and it pays 16% a year until redemption, A.R.S. 42-18053.

WHAT THE COUNTY PRINTS, AND WHAT IT DOES NOT

The list carries account, parcel, owner of record, legal description and the statutory amount. It carries no acreage and no assessed value. So this book does not print either, and it does not pretend to. Pull the parcel on the Treasurer's EagleWeb or with the Assessor before you drive, or buy the Cochise book for a set that is fully priced with frontage, flood and exit already worked up.

WHAT IS NEARLY FREE HERE

The cheapest pages are the strategy. A $30 certificate is a $30 certificate and a three year clock. At those numbers you can hold fifty parcels for the price of a used laptop, and one of them being on a mapped road with a buyer is the whole return.

Source: Apache County Treasurer, Over The Counter Tax Lien List, 1 April 2026, 185 pages. Amount includes the $10 certificate fee and the $10 taxpayer information fund fee. Asterisk in the county list means a prior year tax or tax sale exists, printed here in the Prior column. Research, not advice. Verify the certificate is still unassigned at the counter.
