KOLSINGER LAND DESK

COCHISE COUNTY, AZ · BOOK 09-01 · 2026-11-06

245 parcels under $3,000, priced and screened

Every parcel in this book is for sale today at the county tax office for the amount printed here. Not at auction. At the counter, over the counter, at the statutory price, and nobody is bidding against you.

Arizona assigns every unsold lien to the state, and the treasurer then shall sell and assign the certificate to anyone who pays the whole amount due, for a $10 fee, under A.R.S. 42-18122. No auction and no bidder number. This book is the leftovers of the February 2026 sale, screened to the ones that can be resold.

PARCELS LISTED	ACRES	TOTAL ALL-IN	CASH RETAIL AT RESALE

WHAT IS IN THE COLUMNS

COLUMN	MEANING
All-in	Arrears plus the county fees plus the $10 statutory assignment fee. This is what you hand over at the window. Nothing else is owed to clear the lien.
Frontage	Feet from the parcel polygon to the nearest mapped road centerline, measured in the county GIS, not eyeballed. 0 means the road polygon touches the parcel.
Road	County maintained, mapped dirt, or platted only. Maintained is a homesite. Primitive is a camp. Platted only is priced at 60%.
Flood	FEMA zone from the county flood layer. X is no insurance requirement. AO is sheet flow and is priced 10% under.
Cash retail	What the same parcel resells for, off live asks in the same subdivision, at 1.15x assessed value under four acres and 1.5x at four acres and over.
Paper	Retail price on a carried note: cash retail plus 10%, 15% down, 12% simple, 60 months. The down and monthly are printed.
Assign	What a local dealer pays you for the certificate inside ten days. All-in plus 60% of the spread, floored at 2x all-in.

Screened out rows are not in this book. No parcel under one acre, no parcel with no frontage, no parcel with a structure, and nothing over $3,000 all-in. Two rows in the underlying register are marked HOLD for a flood or road class query and they are printed with the reason.

Source: Cochise County Treasurer TaxLienList and the county Cad_TaxLienParcel feature service, 11,136 certificates. Pulled and priced 2026-11-06. Amounts reconcile to the county's own published list. Verify the certificate is still unassigned at the counter before you pay: stock moves and the county layer is a snapshot.

HOW THE MONEY WORKS, ONE WORKED ROW

Row 1 is 2.6 acres on West Walapi Street. All-in $133 at the county window. Cash retail $2,900. On paper, $3,190 with $478 down and $60.33 a month for 60 months at 12%, which collects $4,098. A dealer takes it off you at $1,967 inside ten days, 30.9x the money.

Three exits on every row and you pick which one: assign in ten days, sell for cash in thirty, or carry the note and sell the note after six payments.

THE BUY, EXACTLY

1. Phone the Cochise County Treasurer the morning you buy. Give the APN. Ask if the certificate is still unassigned. Stock moves.
2. Pay the all-in amount at the window plus the $10 statutory assignment fee, which is already inside the number printed here.
3. The certificate is assigned to you the same day, in the statutory form. It is prima facie evidence of the lien.
4. You hold 16% a year simple under the statute, floor one month, until redemption. Foreclosure of the right to redeem runs from three years after the sale, with 30 to 180 days notice of intent first.

FIVE THINGS THAT KILL A RURAL PARCEL, AND WHERE EACH ONE IS CHECKED

1. **No legal access.** Checked geometrically, every row, 40 feet or less to a mapped centerline. Landlocked rows are not in this book.
2. **Road that exists on paper only.** The road column grades it. Platted only is priced at 60% and sold as a camp parcel.
3. **Flood.** Zone AO is 10% under. Zone A is held out.
4. **Dead certificate.** Verify at the counter, not on the layer.
5. **No exit.** Every row carries a cash retail, a paper price and an assignment price. A row with no exit is not in the book.

This is research, not advice, and not a title report. We do not represent you and we do not file for you. Amounts are the county's own published figures, pulled 2026-11-06, and every one reconciles to the cent. Arrears and fees change with the next tax roll, so re-pull the number before you drive to the counter.
