KOLSINGER DESK · ARIZONA PARCEL DOSSIERS

Three dossiers, free, unedited.

Frontage, access and the statutory total are the whole decision on dirt, so here they are on three real Cochise parcels with nothing held back. The $89 buys the rest: the recorded owner, the last transfer, the comp with its URL and pull date, the recorded owner, the tax year, the three risks and the counter sequence. What the $89 abstract holds, and one full sample free.

State land, dated

The State Land Department auctions on a published calendar. A date on a parcel is worth more than a parcel with none, so the whole board is here, minimum bid included. $89 runs the frontage, the access, the flood and the comp on any one of them, and the bid number it has to clear.
